

Kelly A. McGriff

Recognizing Barriers to Broadband Deployment and Efforts to Close the Digital Divide

Kelly McGriff attended the University of Alabama, obtaining his undergraduate degree in 1990. He thereafter attended the University of Alabama School of Law, graduating in 1993. Kelly has spent more than fifteen years working in virtually every aspect of communications law and related fields, including regulatory, litigation, legislative and land use in both the private and public sectors, including:

- Internet services and technologies
- Conventional and emerging wireless services
- Telecommunications equipment development
- Other high-technology applications

Additionally, Kelly represents wireline and wireless communications carriers and related industries. He possesses wide-ranging wireline and wireless communications' industry insight. He served as General Counsel of Southern Light from 2010 until its acquisition by the Uniti Group in 2017. Since July 2017, he has served as outside counsel for Uniti Fiber.

In the spring of 2017, Kelly was appointed to the Broadband Deployment Advisory Committee by FCC Chairman Ajit Pai, and was also appointed to the Chairmanship of the State Model Code Working Group.

Kelly resides in Montrose, Alabama with his wife Elizabeth, and their two children.
